

Rotary Club of Oro Valley Charitable and Community Activities

The Rotary Club of Oro Valley lives its motto of "Service Above Self" through a variety of programs directed to our youth and community. College scholarships for Oro Valley's talented high schoolers (whom we honor every month), development of youth service groups, and leadership development programs are among them. Literacy is promoted by giving books to the Oro Valley library and providing younger students their very own dictionary.

For others in our community we contribute year around to the Catalina Community Services to reach a broad range of our neighbors in need. And young working adults can receive tuition assistance to improve their job skills through additional education.

As a member of Rotary International, we are partners in providing educational and humanitarian service globally. Our signature project for the last 25 years has been eradication of polio, a task that is nearing successful completion.

Your tax deductible contributions to all these worthy efforts is greatly valued. Thank you.
